19-19:

Phil Moeller motioned that the minutes of the Regular Meeting held on February 11, 2019 be approved as read. Jesse Rose seconded the motion. A roll call vote resulted as follows: Moeller yea, Rose yea, Pohlman yea and Bruns yea. Motion passed.

Recognition of visitors:

Everyone in attendance at the meeting walked down to the middle school computer lab for a presentation from the Lego League participants, volunteer coaches and teacher, Jeanna Heitkamp. They explained the Lego League competition which includes core values/team building, a project and robot programming. The Lego League at Marion Local was started three years ago and has developed into three teams which is completely funded by grants, the PTO and local businesses. A lot of time and hard work is put forth from the students, volunteer coaches and staff outside of school hours for this extracurricular.

Discussion on Title I and Individuals with Disabilities Education Act Grants for the 2019/2020 school year:

A discussion was held to explain how Marion Local uses federal grant money and allow for community members to provide feedback on how the money should be spent. We currently use Title I funds to help pay for a portion of Angie Leugers salary. We act as a pass through agent for the IDEA Part B funds in order to pay the Mercer County ESC for their special education services. No community members were present to provide feedback.

Marion Local Technology Coordinator, Michelle Mescher, submitted the following report: Professional Development

- Teachers completed at total of 98 hours of technology in-service hours so far this school year. Spring technology in-service opportunities will be available soon.

Technology Purchases

- 10 Chromebook screens for student replacement
- 6 Chromebook batteries for student replacement

Technology Issues/Concerns/Miscellaneous

- Erate form 471 for FY19 has been filed.
- Looking into different internet filtering options starting the 2019-2020 school year.

Marion Local High School Principal, Tim Goodwin, submitted the following report:

Speaker:

I would like to thank Nancy Grieshop for speaking to our students and community about addictions and how family life is affected.

Art Awards:

Congratulation to the following students for having artwork chosen at the Governor’s Art Show to move on to the state competition: Ella Kleinhenz, Aubrey Thobe, Macy Spieth, Mary Kahlig, Haley Heitkamp, and Samantha Garmann.

Talent Connection Forum:

Juniors recently attended a career day at the Lake Campus put on by AMBE and the Mercer County ESC. This was an opportunity for students to learn about careers and to make connections for work and job shadowing opportunities.

Upcoming events:

March 15	End of 3 rd Nine Weeks
March 16	Ag to Mercer Co Competition
March 21	Freshmen to Mercer Health
March 22	Scholastic Bowl Field Trip

Mr. Nick Wilker, K-8 Principal, submitted the following report:

1. I would like to thank Judy Zircher from Relationships under Construction for teaching our 7th grade abstinence class two weeks ago.
2. Congratulations to Ryan Homan and Maggie Frey who came in 2nd and 3rd place respectively in the Mercer County Spelling Bee.
3. Track practice officially started last week. I would like to thank Rod Pleiman, Matt Schmackers, and Sandy Bruns for coaching. We have 72 students participating.
4. Our 7th grade STEM class participated in a local BOE Bot competition held at the YMCA in Celina. This event is sponsored by staff from Wright State University-Lake Campus.
5. Upcoming:
 - a. March 15: End of the 3rd 9-weeks
 - b. March 22-23: 5th and 6th grade play

Mr. Rod Pleiman, MLEA, submitted the following report:

The following teachers submitted information regarding what is happening in their classrooms:

Emily Henschen

- 8th graders completed *The Outsiders* novel and have read a few mythology stories for the purpose of breaking down the text to help develop a clearer understanding of the text. The students will begin an argumentative writing unit and will focus on including pieces of their counterclaim throughout the text. The students will have to research their claim and counterclaim to develop knowledge on both sides of the argument.

- All K-6 students are working on selections for the K-6 Spring Arts Festival and Open House. Students in grades K-3 are preparing songs celebrating music, 4th graders are well into their recorder unit, 5th grade is working on learning a song from Brazil and the 6th grade sections are working on crafting their own performance from scratch. The performance of all of these songs will take place on Monday, April 29th.
- The 8th grade choir has been hard at work preparing their songs for tonight's concert. The group will be showcasing songs of contrasting styles: spirituals, a song from the 1930s, as well as some contemporary pop music.
- This past Saturday the high school choir performed as a part of the OMEA Adjudicated Performances taking place at Parkway High School. At this event three judges scored the choir on their performance of their choral selections, each giving the choir an "Excellent" rating. The choir then moved into a sight-reading room, where the students had to sing a song they have never seen before. Testing their ability to READ the music, the judge said the students earned a "Superior" rating for their sight-reading performance. With the ratings from all four judges, the MLHS Choir received an overall "Excellent" rating.
- The 7-12 Drama Club The 7-12 Drama Club students, as well as several 3-4th grade students acting as "munchkins" are hard at work preparing for the spring production of *The Wizard of Oz*. The students have been dancing and singing since the end of February and are getting more and more excited to perform for everyone at the end of April. The students will give a sneak peak of some of the selections at a Music in Our Schools Month performance at the end of March!

- The HS Art Club sponsored 38 artworks to compete in the Ohio Governors Youth Art Exhibition in Ada last weekend. 8 Artworks from 6 artists were selected by the regional judges to move on and compete at the State level. The artists who had artwork chosen were:
 - Macy Spieth (2 pieces), Haley Heitkamp (2 pieces), Aubrey Thobe, Samantha Garmann, Ella Kleinhenz and Mary Kahlig
- We got news this morning that Macy Spieth's artwork was chosen to be displayed in Columbus in the James A. Rhodes State Office Tower and she is now eligible for a \$3,000. This is the second year in a row that Macy's artwork has been chosen for this level and to be chosen even once is quite an accomplishment, as this artwork is the best of the best in the entire state!

Trisha McMurray

- Congratulations to the following students who participated in the Mercer County Spelling Bee at Wright State Lake Campus on February 25.
 - Ryan Homan (6th grade): 1st runner-up
 - Maggie Frey (4th grade): 2nd runner-up
 - Andrew Schmackers (4th grade): did not place
- Congratulations to Andrew Schmackers, who also made it to the third round at the Regional Spelling Bee in Lima on Saturday, March 9!

Amanda DeMange

- The 6th graders just finished reading the novel Maniac Magee. They enjoyed the humor contained within this novel along with the life lessons and large theme interwoven within the text. This novel was our final step in analyzing plot standards. The students wrote a literary analysis focused on how the author used different elements in the plot to develop the theme of this novel after we finished reading. The author of this novel also used a great deal of figurative language, so the students picked out numerous examples that were used in the story and explained how the figurative language enhanced the overall novel for the reader.
- The 6th grade students have some items on display showcasing their understanding of figurative language within popular music on the radio today in the cafeteria hallway and 5th grade hallway.

Laura Post

- 5th grade students have been studying the solar system. They have been researching learning about the different characteristics of the planets, the Sun, dwarf planets, comets and asteroids. They then used this information to create models of the solar system comparing planet sizes and distances from the Sun.
- Every week on Wednesdays for 5 consecutive weeks, a group of engineers from Honda are currently working with the fifth grade students on a program entitled “A World of Motion.” The students build and experiment with balloon powered cars testing different variables to learn about their effects on the motion of the cars.
- On Thursday, February 21, 13 fifth grade students, 14 sixth grade students, and 9 junior high students attended the Mercer and Auglaize County Science Day at Wright State University Lake Campus. They presented their science projects to a team of judges. Seven of these students earned a superior rating allowing them to then compete at the District Science Day on Saturday, March 11 at Ohio Northern University. These students included Chloe Bergman, Olivia Schulze, Troy Stucke, Dean Hemmelgarn, Lydia Hess, Ian Rindler, and Dylan Dahms. Lydia Hess also received the award for Most Innovative Research. The Marion Local students received the Mercer County STEM trophy presented to the school with the most outstanding participation.
