Estimated Resources

Additional Motion Items

Permanent Appropriations

- In order to make my forecast more accurate I did not tie appropriations to my forecast. Therefore, the permanent appropriations that I am asking you to approve

will be higher than the amounts on the forecast. You will also be approving to adopt fund and object as the legal level of budgetary control for the general fund 001 and fund only as the legal level of budgetary control for all other USAS account codes along with approving the estimated resources. The permanent appropriations and estimated resources will be presented Monday night.

Five Year Forecast

- I will be presenting the Five Year Forecast Monday night. The forecast and assumptions are in your Google Drive. I did not purchase the Forecast Five software this year due to the significant price increase. I didn't feel the additional cost justified the benefits it provides. However, that also means that I didn't not have all of the tools the software provided to increase the accuracy of the forecast.

NOACSC Computer Services

- You are being asked to approve the billing notice from NOACSC for computer services for the 2020-2021 school year in the amount of \$22,329.60 retroactive to September 2020 when the bill was issued.

OSB Deposit Placement Agreement for Insured Cash Sweep

- You are being asked to approve a Deposit Placement Agreement with Osgood State Bank for Insured Cash Sweep. This program allows for OSB to place our money in increments under \$250,000 into demand deposit accounts that are FDIC insured. This allows us to not have to deal with making sure there is enough collateral pledged to cover our bank balance to keep our funds safe.
