Additional Motion Items

Five Year Forecast/ Estimated Resources & Permanent Appropriations

- I will put the forecast along with my assumptions in the Google Drive for you to review before the meeting.

The majority of the revenue changes were in real estate taxes collected, state funding due to the Governor's changes, special education excess costs reimbursement, open enrollment, casino tax and miscellaneous income due to receiving BWC Rebate. As for expenses, the largest increase was in purchased services due to College Credit Plus expenses and then in Other Objects due to adding additional funds for encumbrances in State Examiner Charges. Other accounts could be increased or decreased but I am not going to make any changes at this point.
